

SIR Branch 4 USS Hornet Museum Tour

Thursday July 28, 2011 1000 – 1400 Cost \$20

Welcome aboard the aircraft carrier USS HORNET, a national treasure located in Alameda. Tours of the ship are usually self-guided with docents stationed throughout the ship to answer questions. Following a brief orientation, visitors are free to explore the many passageways, compartments, and decks of this famous ship.

The USS HORNET MUSEUM is sure to provide an unforgettable experience for your group:

- See **historic aircraft and exhibits** of WWII, Vietnam, and the Apollo moon missions.
- A **docent or Jack will walk us through** Officer's Country, Crew's Berthing, Medical Spaces, Pilot Ready Rooms, and other spaces as you imagine what life was like on a floating city. Jack will give a tour of Combat Information Center (CIC) if they let us in.
- Sense the drama of carrier landings as you peer from the towering **captain's bridge**.
- Meet former crew and hear their personal **tales of life at sea**.
- Enjoy **lunch** in one of the Officers' Mess. We will have a preordered box lunch if we have 15 participants.

BOX LUNCH MENU
